4th November 2009

To Bryan at The Full Measure Mobile Bar Services.

On behalf of the Polaris challenge I would like to thank you for attending our event with your mobile bar at Bamford in 2009.

We have had mobile bars in the past years but nothing that looked so substantial and professional. Everybody commented on the visual effect and the fact that there was plenty of bar staff so that people were not waiting to be served.

We expected the drink prices to be a little high but was in fact pleasantly surprised to see that they were comparable to pub prices.

On this note I would like to book you for the 2010 event on 12th and 13th June and shall let you know the location nearer the time.
